27 Ramadhān 1446 – 28 March 2025

THE PERENNIAL MADNESS OF THE JUHALA (MORONS) REGARDING THE EID MOON

Bogus uucsa, NNB Clique (so-called jusa), and other modernists of the Zindeeq order are always creating stupidities regarding the Eid moon. The command of Rasulullah (Sallallahu alayhi wasallam) is simple and emphatic:

***SIGHT THE HILAAL AT THE END OF THE 29TH DAY.
IF THE HILAAL IS NOT SEEN THEN THE MONTH
WILL BE THIRTY DAYS.***

This is the command of the Shariah regardless of what the world full of morons say, regardless of the tilt and the angle, and regardless of what the zindeeq astronomers say.

If two *aadil* (not *faasiq*) Muslim males report their sighting, it will be Eid. The plethora of drivel which the Morons attach to this issue only establishes and demonstrates their jahaalat.

The jaahil, zindeeq, cross-worshipper, Reverend Abraham Bham has advised people to delay Maghrib Salaat for 30 minutes in order to sight the hilaal. This is indicative of his jahaalat. It is not permissible to delay the Maghrib Salaat 30 minutes for **NO VALID SHAR'I REASON**.

The tilt and angle argument is stupid. Delaying Maghrib Salaat for 30 minutes on the basis of this stupidity of the jaahil Cross-Worshipper is not permissible.

Moon sighters should take along their musallas (carpets) at the hilaal-sighting site. The moment the sun has set, they should have iftaar in the way Rasulullah (Sallallahu alayhi wasallam) has commanded, that is with a couple of dates and/or water. This Masnoon form of Iftaar will be completed just as the Muath-thin completes the Athaan. Thus, three or four minutes after sunset, they should perform Maghrib Salaat, plus the two Sunnatul Muakkadah Raka'ts. There will then be ample time to scan the skies to find the hilaal if Allah Ta'ala has decreed it to be visible.

But, the Cross-Worshipper who had laboured and toiled to close the Musaaajid and who had become the friend of the kuffaar court and the Enemy of Allah Ta'ala by pleading with the court to close the Musaaajid, is interested in merrymaking. Instead of involvement in the Maghrib Salaat as ordered by the Shariah he and his likes indulge in gluttony at the time of iftaar. It is samoosaas, pies, carrion chicken, etc., etc. That is why this miscreant reverend is advising to delay Maghrib Salaat 30 minutes.

Such delay is not permissible. The Salaat should be immediately and compulsorily be performed. If the Masnoon Iftaar method is adopted, then even those performing Salaat in the Musaaajid will have ample time to search for and sight the moon.
