## QUESTIONS FOR SAHUC

- (1) Your man, Ismail Qulvadia, claimed that you have R48 million of assets. However, your latest financial statement reflects R25 million. Explain the discrepancy. Are there perhaps assets undeclared in your financial statement? Surely Mr.Qulvadia is not so stupid to have baselessly assumed the value of your assets, then fabricated the figure of R48 million!
- (2) Explain the fine of R700,000
- (3) Explain the 20 matters finalised by fines according to IRBA
- (4) SAHUC is supposed to be a non-profit entity. How did you manage to amass all these millions in assets?
- (5) Do you understand the Shariah implications pertaining to the amassed assets? Do you understand that now the owners of the millions you have amassed under another name belong to the Hujjaaj from whom you have extracted monies?
- (6) Explain the Crown Gardens property on which about R3,500,000 was wasted. Whose money was applied to this waste?
- (7) Explain the 15% VAT which you had unjustly slammed on the Hujjaaj. According to experts **“it was absolutely unnecessary to do so.”**

(8) Explain the R1 million interest you had paid for “late submissions” of the haraam VAT which you had imposed in a haraam manner on the Hujjaaj.

(9) Explain the R700,000 penalties you paid for “understatement” submissions.

(10) What type of business does SAHUC operate? According to CIPRO you are “active” in business. You have to explain to the community the kind of business you are operating, and the ‘profits’ you have made and expended or squandered or lost in consequence of mal-administration as the many huge fines confirm. Your sole occupation to which even the SAHUC designation testifies, is supposed to care for the Hujjaaj, but you have been taking care of amassed boodle for which you had no Shar’i entitlement.

***THIS IS NOT THE END OF THE SAHUC SAGA!***
