BEWARE OF ‘YOUTH’ PROGRAMMES! DO NOT ALLOW YOUR CHILDREN TO SLEEP OUT

Sexual perversion and molestation of boys by even molvis, ustadhs and supervisors of the satanic night mock ‘ibaadat’ programmes is an incremental satanic disease in the community. Homosexual shayaateen are prowling in the community camouflaged by their beards and kurtahs. They are allowed to even act as Imaams, give bayaans and teach children whilst their satanically perverted sexual misdemeanours are well-known.

Do not trust molvis/muftis who organize ‘youth’ programmes. They are enmeshed in the snare of Iblees. They are bereft of any *khauf* (fear) for Allah Ta’ala. They therefore feel at liberty to give free expression to the dictates of their carnal lusts. In the recent past we have published several articles on this evil shaitaani issue.

Parents should understand that their children are a sacred Amaanat – an Amaanat which may not be entrusted to these clown molvis and muftis who have no understanding of even the importance of the auspicious Nights of Ramadhaan. Under cover of some ‘deeni’ programme they indulge in their merrymaking ‘refreshment’ Satanism which is a sign of their nafsaniyat and shaitaaniyat. The Nights of Ramadhaan are not for merrymaking and serving refreshments and organizing ‘youth’ programmes in which the Devil’s Agent, Darush Shaitaan (so-called Darul Ihsan) excels.

There is no basis for ‘youth’ programmes in Islam. Such programmes are acquired from the kuffaar whom these bootlicking molvis emulate and follow right into the ‘lizard’s hole’ as mentioned by Rasulullah (Sallallahu alayhi wasallam).

Too many cases of sexual perversion perpetrated by so-called ‘deeni’ personnel have surfaced recently. It is a satanic disease which is allowed to fester and increase by the silence and even condonation of the Ulama under whose jurisdiction these sexual pervers happen to be. Take care of your children. Keep them in the safety of your homes and under your supervision. Do not allow your children to be under the supervision of scoundrels who may be sexual pervers.
