AL JAMA-AH'S KUFR NIKAH BILL (KNB)

GANIEF HENDRICKS!

DON'T EXCRETE RUBBISH!

Exhibiting extreme senility and recklessness, Ganief Hendricks of the Al-Jahannam political party, without even attempting to apply his brains constructively, excreted: *"The shariah is now part of South African Law."*

Indeed, this ridiculous statement by the gaffer is not a mere foolish gaffe. It demonstrates the man's unfitness to be a member of a parliament. While it is not at all surprising for one of his consultants, the MJC, not to have advised him in this regard, since all the MJC sheikhs and molvis themselves are morons and juhala of the worse kind, it is indeed surprising that his friend the senior lawyer, Advocate Saleem Khan of Durban, has not advised him to desist from blurting out such nonsense which makes a fool of himself.

By what stretch of imagination can someone believe that *"The shariah is now part of South African Law."* ? Ganief's gross and haraam jahaalat regarding matters of the Shariah is no justification for the drivel, falsehood and deception he has presented in an abortive bid to mislead the Muslim community. But even morons in the Muslim community cannot be duped with the type of rubbish claimed by Ganief Hendricks.

It now devolves on this fellow to explain in detail how *"The shariah is now part of South African Law."*. He must explain which sections of which Acts of promulgated laws have rendered *"the shariah part of South African Law."* He also has to explain which sections of his KNB and 'divorce' bill are compliant with the Shariah.

He must necessarily elaborate intelligently by the application of his mind rationally how *"South Africa recognizes the provisions of the shariah and its consequences in its legislation."* He has to present all the sections of all the Acts of Law to substantiate his totally false and stupid claims designed to deceive and mislead Muslims.

Muslims should not allow themselves to be deceived by the bamboozling stupid claims of Hendricks. He thinks and talks drivel. The claims he is making are bunkum. Al Jama-ah is now appropriately known in the Muslim community as *Al-Jahannam Party.* It is HARAAM for Muslims to support this haraam party which deviously seeks to gain Muslim support in the name of the Shariah while the chap, we are sure, lacks adequate *ilm* in matters of Istinja, Tahaarat and Salaat.
