A NEW SATANIC 'PANDEMIC' CO CONSPIRACY IN THE PIPE LINE

By TLS Group

The next global outbreak is here

None of what you're about to hear is intended to instil fear in anyone, rather to give you all a heads-up of what may be coming, and most importantly, what we can do to stop it. The intention of TLS choosing to share the following message with the world, is to expose the plan before it happens in order to make the individuals behind this sinister agenda think twice before they do what they're about to do. Most importantly, if this video is seen by the world and shared by the masses, our premature awareness of their plan will likely stop them from being able to move forward. The message goes as follows:

The Avian flu, otherwise known as H5N1, is here and is just about to start spreading like a wildfire. Dr. Kawaka is the head of the gain-of-function research for this specific microorganism, to weaponize it and use it against human beings. For you who don't yet know what gain-of-function research is, it is defined as medical research that genetically alters an organism in a way that may enhance the biological functions of gene products. This may include an altered pathogenesis, transmissibility or host range such as the type of hosts that a microorganism can infect. In other words, gain-of-function research turns a non-lethal microorganism into one that is dangerous and can kill its host: it's a weapon. The lethal version of Avian flu has already been intentionally released into the wild as a test, and is impacting animals such as birds, bears, skunks, raccoons,

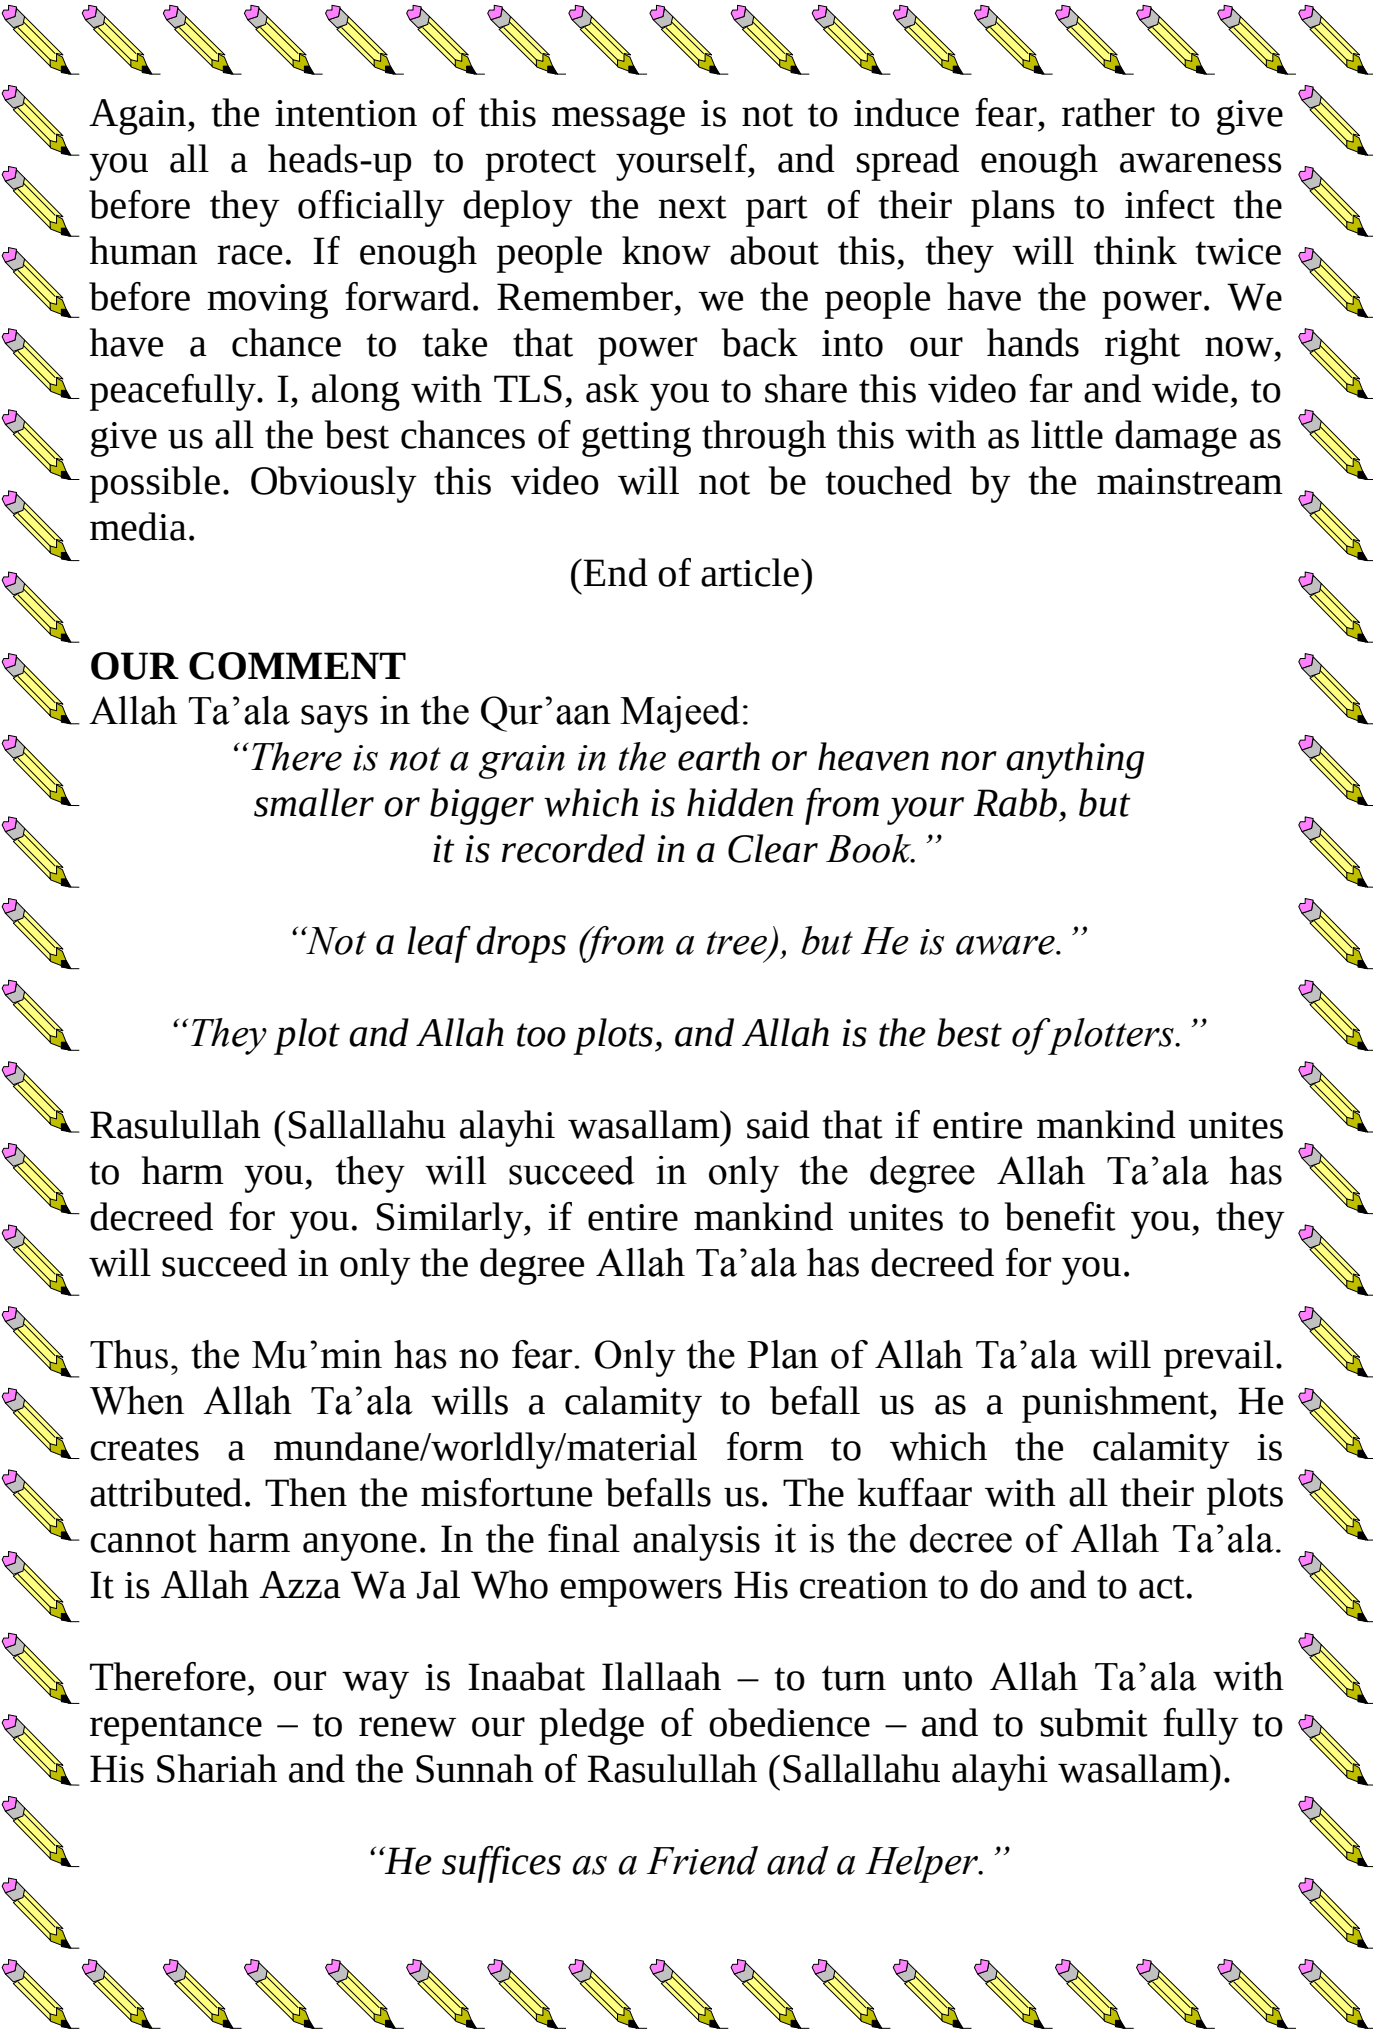

and even dolphins, to name a few. The next step will be to spread it to human beings.

The goal is to create another ‘pandemic’, only this one is intended to make the last one look like child’s play. TLS is currently working on a plan to try and stop this, and part of their plan is to shut down some of the labs that plan to release this to the human race. Another part of their plan is this very video, in the hopes that it will be shared and seen by millions. By the way, the labs where this gain-of-function research is happening, are located in the Ukraine. All of this is connected to the war, which is being used as a façade to divert our attention away from what is really going on. Speaking of diversions, the war is not the only one. The arrest of the 45th president, the riots in France and the political chaos in Israel is all a part of this diversion tactic as well, but the Avian flu is not where it ends.

The avian flu is meant to bring in the next pandemic which will make way for two very specific things. Number one: global economic collapse, which will lead to the banks collapsing internationally, not just in the United States of America, and thus bring in digital money – digital currency – for more power and control over the masses; and number two: a “global health emergency” which will give them a reason to bring in the need for digital passports, which world leaders already signed a declaration on back in 2022. As you can see from this article published on November 19th of 2022, it says: “At this year’s G27 in Indonesia the twenty participating world leaders signed a declaration to introduce vaccine passports for their respective jurisdictions with this faded intention of creating a global verification system to facilitate safe international travel. In other words, “just in case” there is another international pandemic. It’s important to note that the vaccine for the so-called Avian flu or H5N1 has already been manufactured, and the US and many other countries have already begun purchasing these in bulk, to “prepare” again, “just in case” there is another pandemic.

As already stated, all of this is planned, so what can we do, and what must we know? Number one: if you get sick with some kind of bird flu, this is not something natural, this is man-made. Number two: stock up on vitamin D, and get yourself a nebulizer if you can. Dr. Mercola has a very simple and informative video on how to use a nebulizer the right way, which can be found at [mercola.com](https://www.mercola.com). And number three: veganism is a good option right now with what’s going on, but if you’re going to eat meat, it’s recommended that you stay away from chicken and turkey specifically.

Again, the intention of this message is not to induce fear, rather to give you all a heads-up to protect yourself, and spread enough awareness before they officially deploy the next part of their plans to infect the human race. If enough people know about this, they will think twice before moving forward. Remember, we the people have the power. We have a chance to take that power back into our hands right now, peacefully. I, along with TLS, ask you to share this video far and wide, to give us all the best chances of getting through this with as little damage as possible. Obviously this video will not be touched by the mainstream media.

(End of article)

OUR COMMENT

Allah Ta'ala says in the Qur'aan Majeed:

“There is not a grain in the earth or heaven nor anything smaller or bigger which is hidden from your Rabb, but it is recorded in a Clear Book.”

“Not a leaf drops (from a tree), but He is aware.”

“They plot and Allah too plots, and Allah is the best of plotters.”

Rasulullah (Sallallahu alayhi wasallam) said that if entire mankind unites to harm you, they will succeed in only the degree Allah Ta'ala has decreed for you. Similarly, if entire mankind unites to benefit you, they will succeed in only the degree Allah Ta'ala has decreed for you.

Thus, the Mu'min has no fear. Only the Plan of Allah Ta'ala will prevail. When Allah Ta'ala wills a calamity to befall us as a punishment, He creates a mundane/worldly/material form to which the calamity is attributed. Then the misfortune befalls us. The kuffaar with all their plots cannot harm anyone. In the final analysis it is the decree of Allah Ta'ala. It is Allah Azza Wa Jal Who empowers His creation to do and to act.

Therefore, our way is Inaabat Ilallaah – to turn unto Allah Ta'ala with repentance – to renew our pledge of obedience – and to submit fully to His Shariah and the Sunnah of Rasulullah (Sallallahu alayhi wasallam).

“He suffices as a Friend and a Helper.”
